

Hope you all had a great Christmas and New Year. We had another brilliant Tony Townsend organised Christmas Dinner attended by 34 local members at the Carpenters.

A provisional Programme of Events has been produced (as usual in advance of our AGM) and is available to view on the VMCC website, our section website, Facebook page, and in digital or hardcopy from me.

Rodger French is working on a Sell and Buy listing, giving section members and associates the opportunity to help each other in finding and selling spares for their bikes. This will initially be incorporated with Bernie's regular emails. Another reason to ensure you are on his list.

Following our first meeting of the year at the Carpenters on the 12th Jan we should have our rearranged AGM on the 9th Feb followed by our first run of the year - Bernie's Pre-Season shakedown - on the 6th March.
